MEMORANDUM FOR : HQ, USAF
AFCIG-5

ATTENTION : Lt. Col. Gordon

SUBJECT : Radar Maintenance Technicians for Rainbow Project

25X1A6a 1. In follow up of our telephone conversation of 26 October, it is requested that Air Force make available six radar maintenance technicians for a period of 90 days TDY beginning 15 November, such TDY duty to be performed at [REDACTED]. This Project will provide funds for the TDY costs of such personnel. In this group of six, it is desired that two be familiar with the most modern ground IFF interrogation equipment.

25X1A5a1 2. These six radar maintenance technicians will be used to
25X1A6a maintain an SCR-584 set which will be transferred from [REDACTED] and installed and made operational at [REDACTED].

25X1A6a 3. It is further requested that your office make formal
25X1A6a arrangements with ARDC to grant permission for our Project to install and operate an SD-3 radar set, an SCR-584, and an IFF interrogation set at [REDACTED] for a 90-day period beginning approximately 15 November. It is also requested that messing and housing facilities be made available at [REDACTED] for the six radar maintenance technicians, and that the following personnel be cleared to make visits for periods of a few days at a time on a continuing basis for the period from 1 November until the removal of the radar equipment from [REDACTED].
